

## *Ice Bucket Challenge*

I'm taking part in the Ice Bucket Challenge to raise awareness and funds so MND NSW can continue to support people living with motor neurone disease.

Your donation means MND NSW can provide:

- Assistance for hundreds of people with MND in ACT, NSW, and NT.
- Provision of specialised equipment.
- Support for people at every stage of their MND journey,
- Information about MND for people with motor neurone disease, their families, carers, friends and health professionals.
- Research into better treatment, and one day a cure, for MND.
